

ABHISHEK POWADE

React Native Developer

+917972168211 @ abhishekpowade@gmail.com [Linkedin](#) [Profile](#) Pune, India

KEY ACHIEVEMENTS

EdTech Mobile Application Success

Achieved over 100,000+ downloads for the EdTech Mobile/Web Application developed and improved performance metrics by 30%.

SKILLS

React Native	Redux	MobX	
React Router	JavaScript (ES6)		
iOS	Android	Redux Toolkit	
SQL	iOS	Expo	RESTful APIs
GraphQL	Firebase	Axios	
Tailwind	Flexbox	Fastlane	
Native Base	Xcode	Jenkins	
Fastlane	Git	GPS	GraphQL
Java	Git	Node	Navigation
React Router	React	Animations	
Bitbucket	Typescript	Navigation	

PROJECTS

EdTech Application

12/2023 - Present

EdTech Mobile/Web Application (React Native CLI and React Native Web)

- Developed a cross-platform educational platform, optimizing responsiveness and scalability, achieving over 100,000+ downloads and a 30% improvement in performance metrics.

Healthcare Application

06/2023 - 08/2023

Healthcare Mobile/Web Application (React Native Expo)

- Achieved 95% seamless navigation and data accessibility across devices by designing and integrating a healthcare solution with ABHA.

Finance Application

09/2023 - 11/2023

Finance Application (React Native CLI)

- Created a financial platform with robust loan management features, enhancing user experience by 40% through performance optimization and feature scalability.

SUMMARY

React Native Developer with **3+ years** of experience in developing high-performance, cross-platform **iOS and Android applications**. Proficient in **React Native, JavaScript (ES6), Redux, and MobX**, with expertise in integrating **third-party libraries** for Maps, Secure Storage, Permissions, Navigation, and Push Notifications. Skilled in optimizing app performance, configuring **ESLint**, and implementing responsive **Flexbox driven UI layouts**. Experienced in using **Xcode and Android Studio** for building and debugging applications. Strong knowledge of **Git**, API integration, JSON/XML parsing, and state management solutions.

EXPERIENCE

Software Engineer

[Courseplay](#) 12/2023 - Present Mumbai

A company focused on creating educational technology solutions.

- Developed and implemented offline features, reducing app crashes by **30%** in low or no connectivity scenarios.
- Created **10+ reusable theming components** to support seamless Dark Mode and Light Mode functionalities, improving user experience for **100K+ active users**.
- Integrated **100+ RESTful APIs**, ensuring smooth data flow between the frontend and backend systems for efficient application performance.
- Designed and developed **15+ custom UI/UX components**, aligning with the product's branding and enhancing the app's overall appeal.
- Integrated **Redux** for state management and worked with alternative approaches like **MobX**.
- Conducted thorough testing and debugging, maintaining high-quality standards and reducing user-reported issues by **25%**.
- Configured and maintained **Git repositories**, including branching, merging, and conflict resolution to streamline the development workflow.
- Designed and optimized **React Native animations and gesture-based interactions** for enhanced user experience.
- Integrated **third-party libraries** for features including **Maps, UI scaling, Secure Storage, Permissions, Navigation, Push Notifications, Localization and Calendar**.
- Worked closely with cross-functional teams to parse **JSON/XML** data and integrate APIs for seamless backend communication.

Jr. Software Developer

[Plus91 Technologies](#) 07/2022 - 11/2023 Pune

A technology company providing healthcare software solutions for various industries.

- Developed and maintained patient health record systems using React, achieving **99% data** security and efficient storage for sensitive medical information.
- Worked closely with cross-functional teams to parse **JSON/XML** data and integrate APIs for seamless backend communication.
- Conducted rigorous testing of healthcare applications, achieving **99.9% uptime** and reducing critical system errors by **25%**.
- Achieved **100% HIPPA** compliance by implementing robust authentication and encryption mechanisms, ensuring top-tier data security across all applications.
- Created **responsive UI layouts** using **Flexbox**, ensuring seamless rendering across devices.
- Integrated **third-party libraries** for features including **Maps, UI scaling, Secure Storage, Permissions, Navigation, Push Notifications, Localization, Calendar, and Network Analytics**.
- Developed **React Native applications** with modern **JavaScript (ES6)** features, ensuring clean, maintainable, and efficient code.
- Implemented **persistent storage solutions** using **Realm** and optimized performance by reducing app load time by **60%**.

EDUCATION

Master of Computer Science

[Government College of Engineering](#) 07/2020 - 07/2022 Karad

Bachelor in Computer Science

[Deccan Education Society](#) 06/2017 - 10/2020 Sangli

COURSES

[React Native Mastery - notjust.dev](#) [Learn React - scrimba.com](#)
